Ferramenta "Credit Estimator":

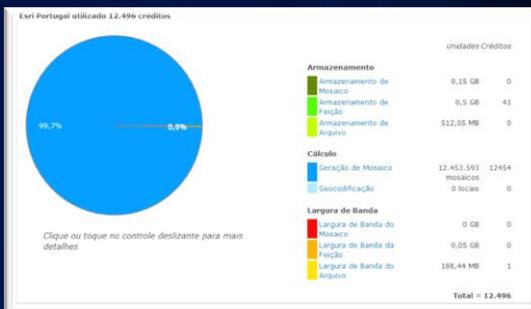

The screenshot shows the 'Service Credits Estimator' web interface. It features several input sections: 'User Accounts' with 'Users' set to 50 and 'GB' set to 1; 'Services' with 'Feature Services' set to 20; and a section for 'How many tile services and updates will be hosted?' with dropdowns for Geographic Area, Country, State/Province, and Large city, all set to 0. A large green box on the right displays the 'Estimated Annual Service Credits' as 5,574. Below this, there is contact information for Esri, including a phone number (1-800-447-9778) and a link to the Esri office.
